Sunshine Burst

Chewable Vitamin D

for kids

THE PROGRESSIVE ADVANTAGE

Ideal Potency – Sunshine Burst for Kids provides 1,000 IU of Vitamin D₃ in each chewable softgel; 250% more than most other leading brands. This gives your child a full day's supply in just one serving.

Most Absorbable – Vitamin D is a fat-soluble vitamin that is best digested in combination with other fats. Sunshine Burst for Kids is in a base of Organic Sunflower Oil to help ensure that your child gets the maximum benefit.

Optimum Purity – Sunshine Burst is completely free of the additives commonly found in children's chewable Vitamin D supplements.

It contains no binders, fillers, lactose, cellulose or stearates. It offers the purity of a liquid but in a convenient chewable format.

Kid Friendly – Sunshine Burst also has a taste that your children will love. The all natural lemon flavor is enhanced with stevia leaf extract for just a hint of sweetness. It really tastes like a little burst of sunshine.

Good for Mom and Dad too! – Although it was designed for children, Sunshine Burst offers the convenience, potency and taste profile to appeal to every member of your family.
